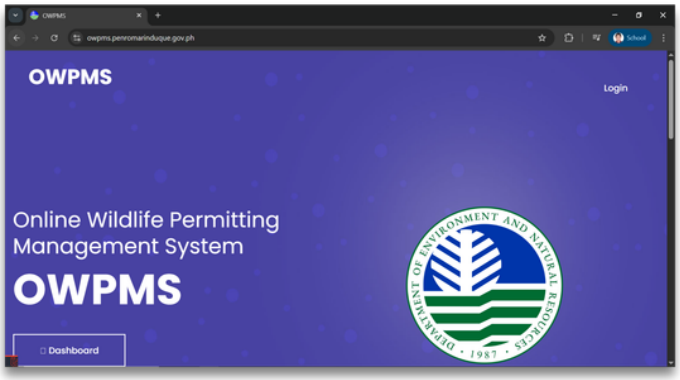
PERMITTEE

GETTING STARTED

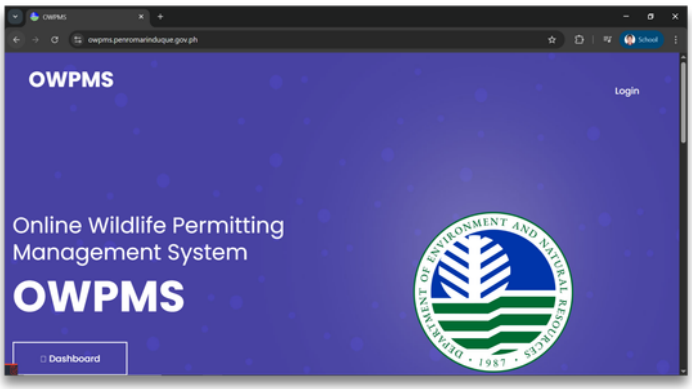
A. Accessing the Website

1. Visit: https://owpms.penromarinduque.gov.ph/ or scan the QR code.

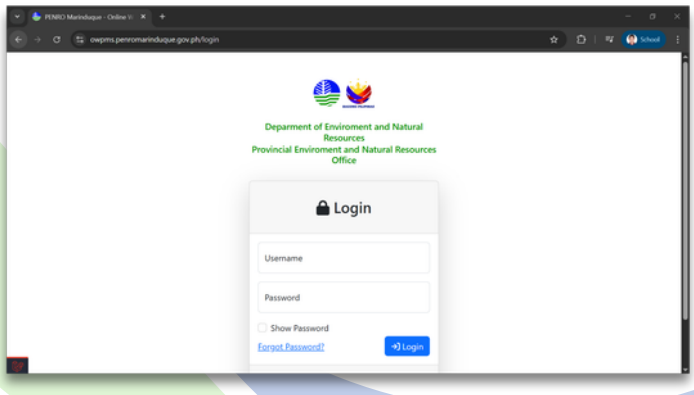


B. Signing an Account

1. Click the **Login** button on the dashboard..



2. Enter your **username** and **password**, then click the **Login** button.

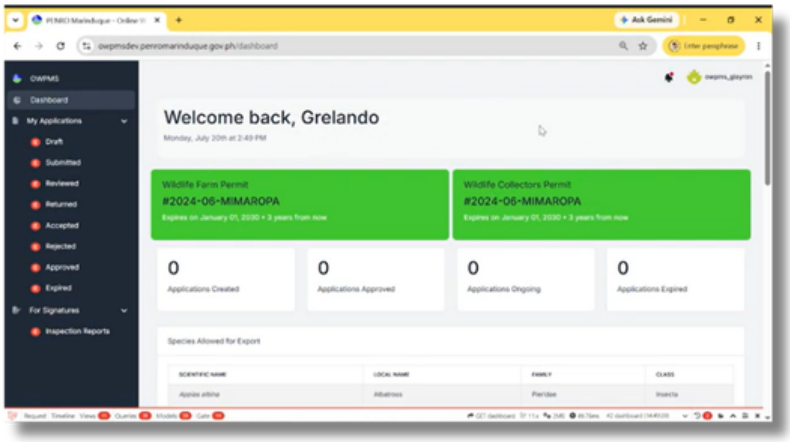


DASHBOARD

C. Getting to know the Dashboard

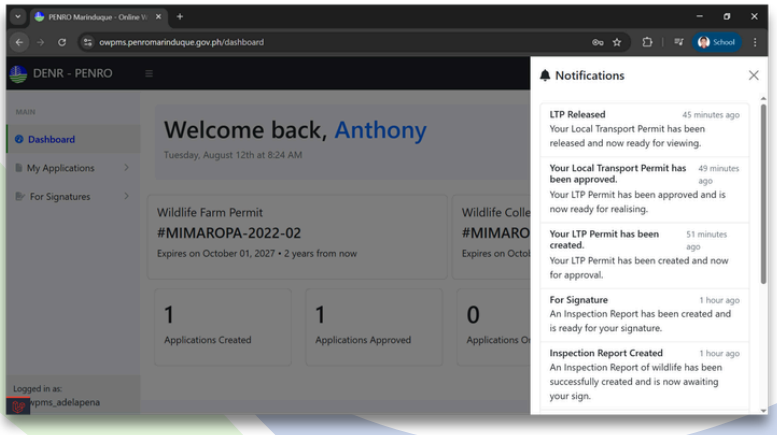
1. Once logged in, you will be redirected to the system's dashboard.
2. The dashboard displays the following:
   - **Wildlife Farm Permit**
   - **Wildlife Collector's Permit**
   - **Number of Applications Created**
   - **Number of Applications Approved**
   - **Number of Applications Ongoing**
   - **Number of Applications Expired**

The system also displays the species allowed for export.



D. Viewing Notifications

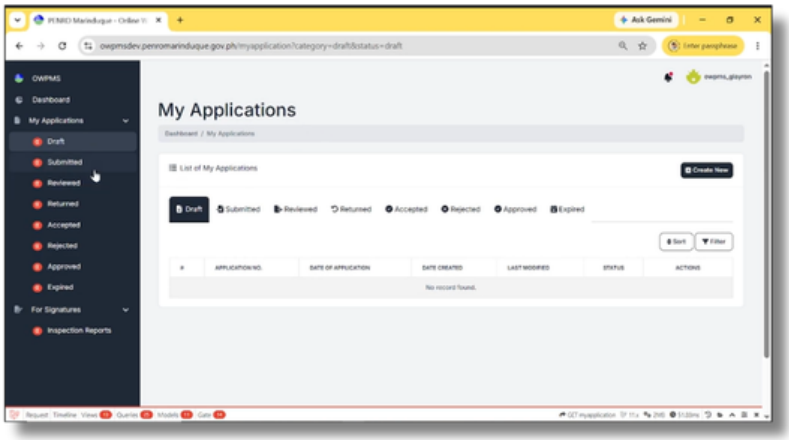
1. To view notifications, click the notification icon at the upper-left corner of the dashboard.



MANAGING APPLICATION

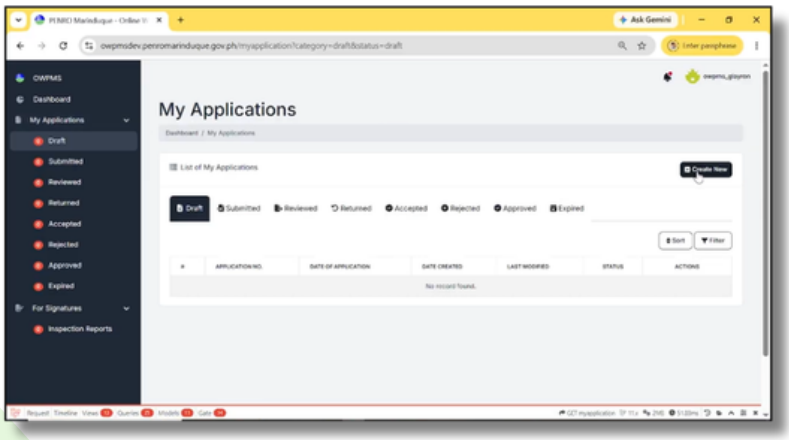
E. Viewing the Applications

1. To view your applications, click "**My Applications**" from the side panel.



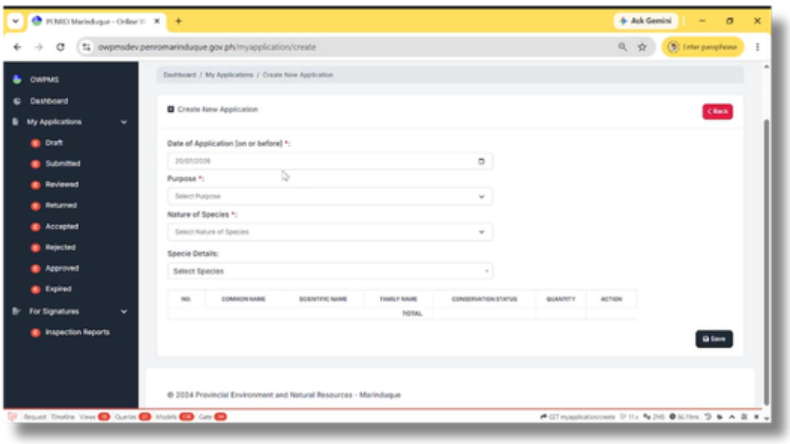
F. Viewing Draft Applications

1. To view your draft applications, click "**Drafts**" under My Applications in the side panel.
2. You may input the Application No. and click the **Filter** button to search for a draft application.



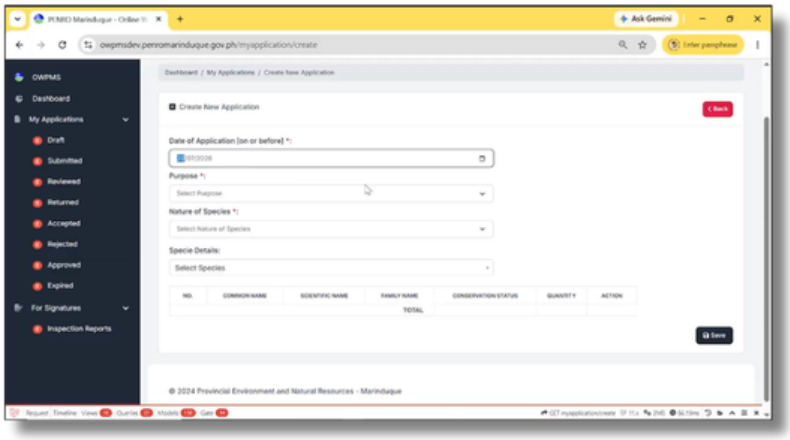
G. Creating Application Letter

1. To create a new application, click the "**Create New**" button.

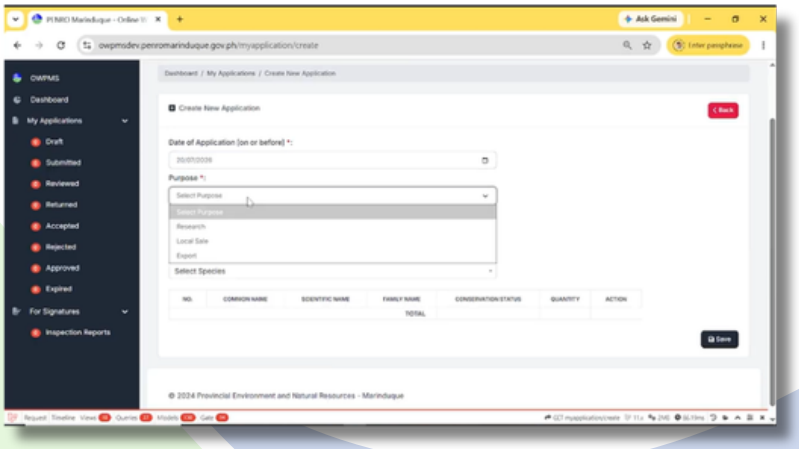


1.1 Input the following details:

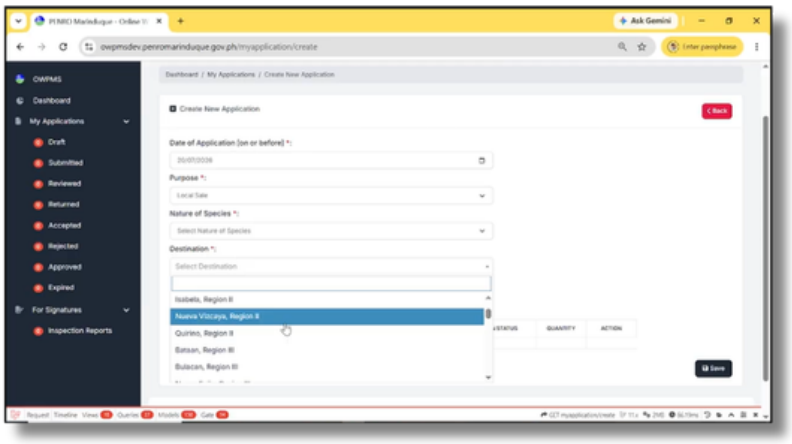
1.1.1 Select Date of Transport (on or before)



1.1.2 Select Purpose

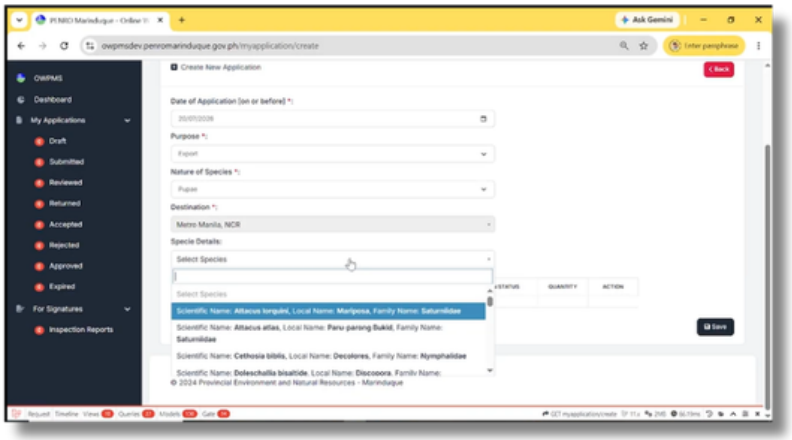


1.1.3 Select the Place of Destination

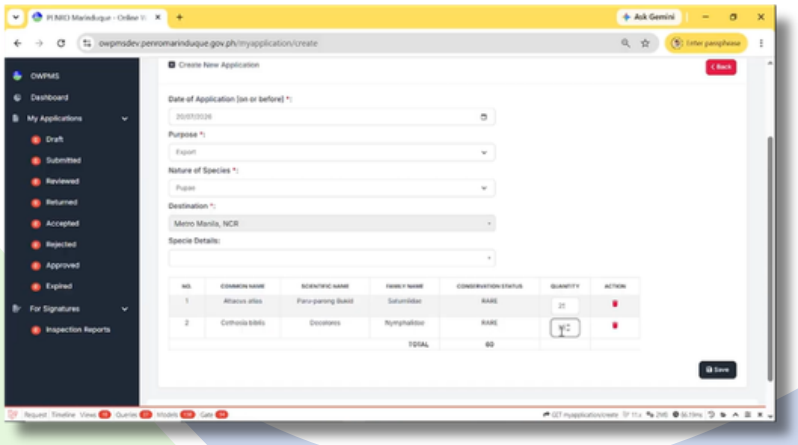


1.1.4 Input the species details (*you may search using a keyword for easier finding*).

1.1.5Select the species details from the dropdown list. The selected species will be added to the table below *(you may add more than one species)*

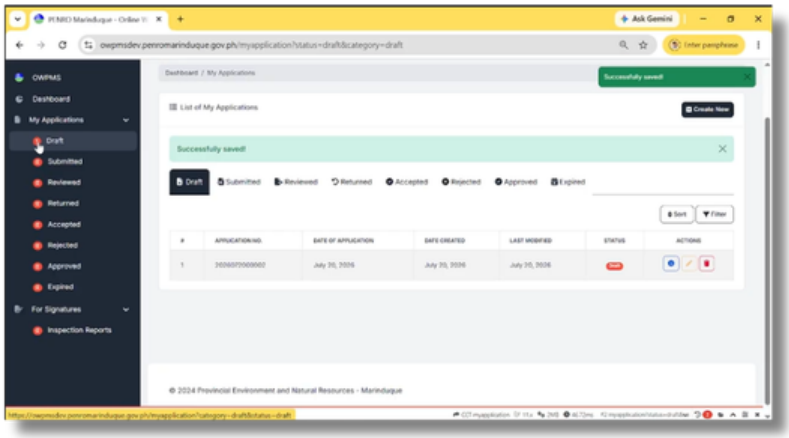


1.6 In the table below, input the quantity for each specified species.



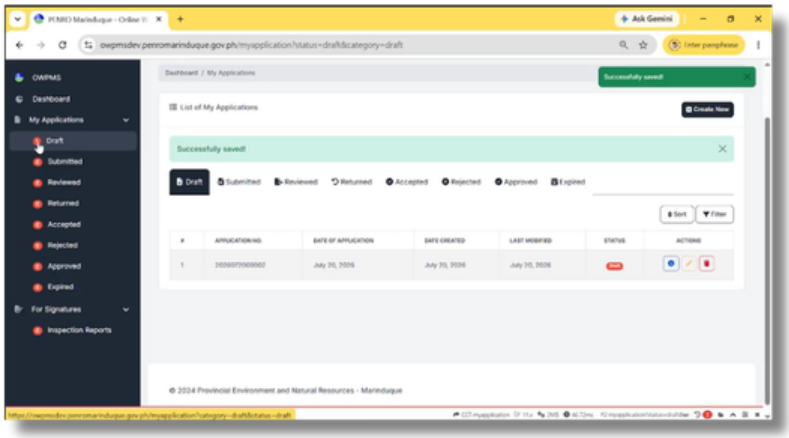
1.7 Once all details are provided, click the Save button

1.8 Your application is now saved in the Draft Applications.

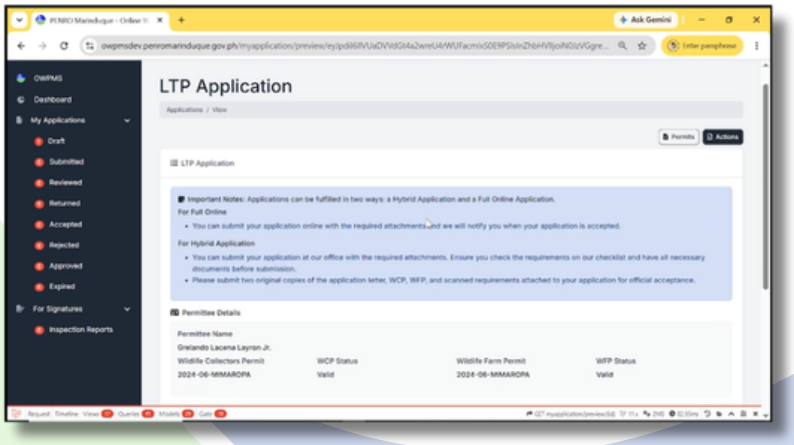


H. Submitting Application Letter

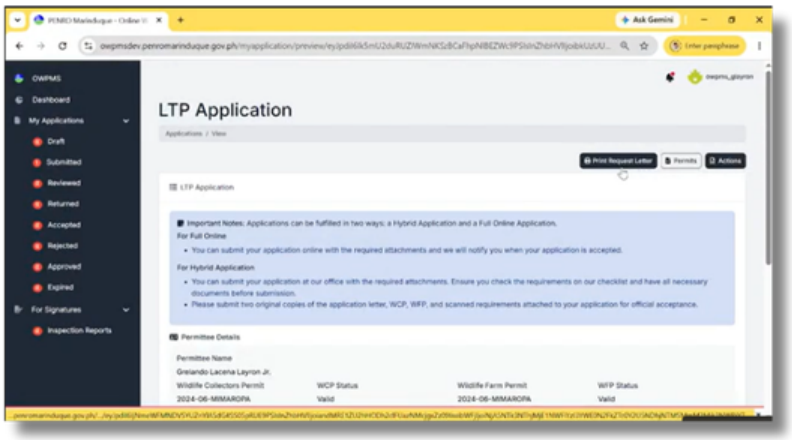
1. To submit your application, click "**Drafts**" under My Applications in the side panel.
2. Locate your application and click the Details icon ⓘ in the Actions column.



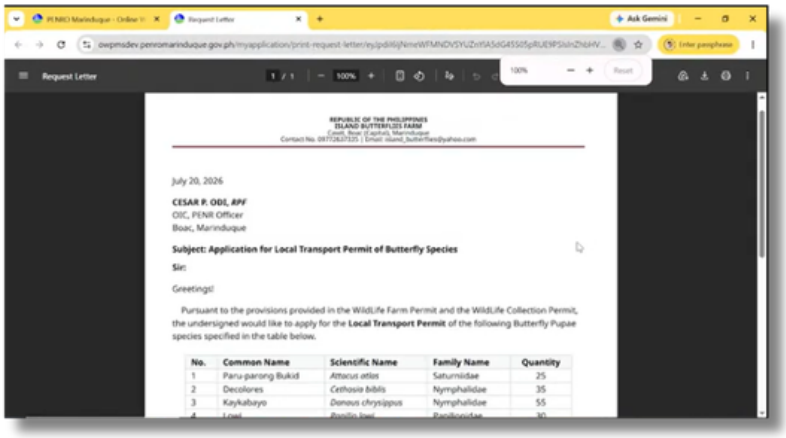
3. You will be redirected to the LTP Application page.



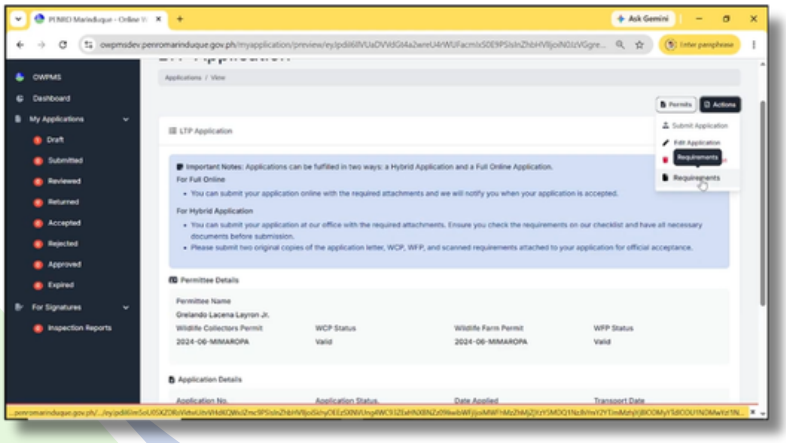
4. In the LTP Application page, click the "**Print Request Letter**" button to print the application letter.



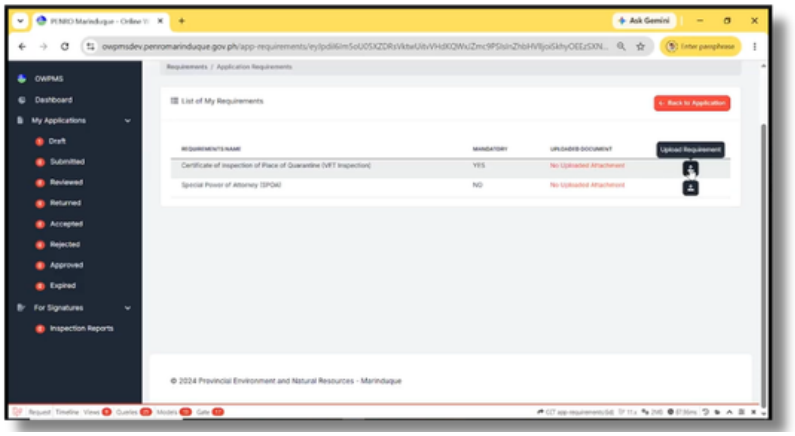
5. Print and sign the letter and prepare for submission.



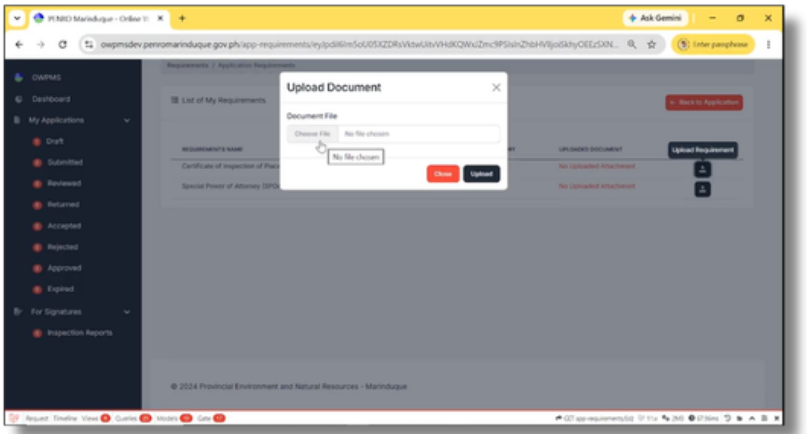
6. In the LTP Application page, click the "**Actions**" button and select "Requirements"



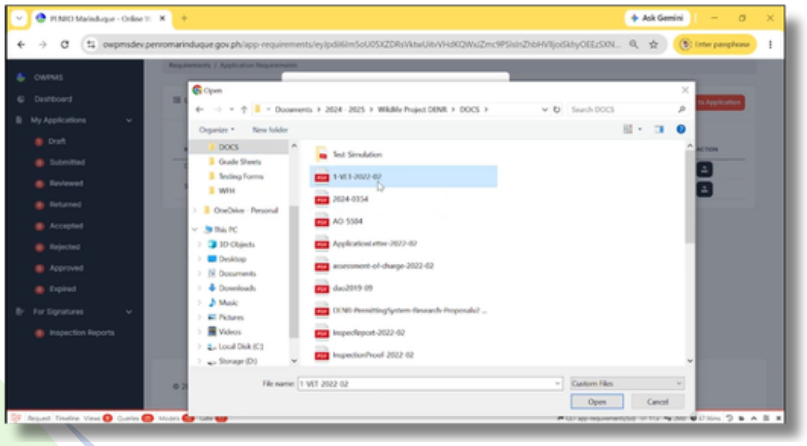
7. You will be redirected to the Application Requirements page.
8. To upload the requirement, click the Upload Requirement icon in the Action column for the Certificate of Inspection of Place of Quarantine *(VET Inspection)* — **Mandatory**.

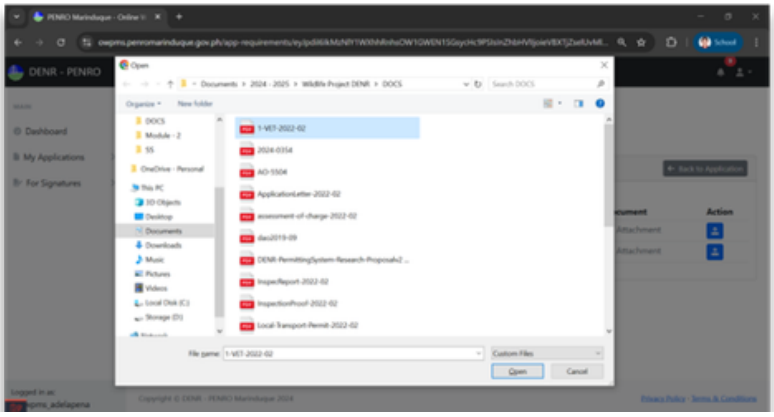


9. Click "**Choose File**" to browse the file that needs to be uploaded.

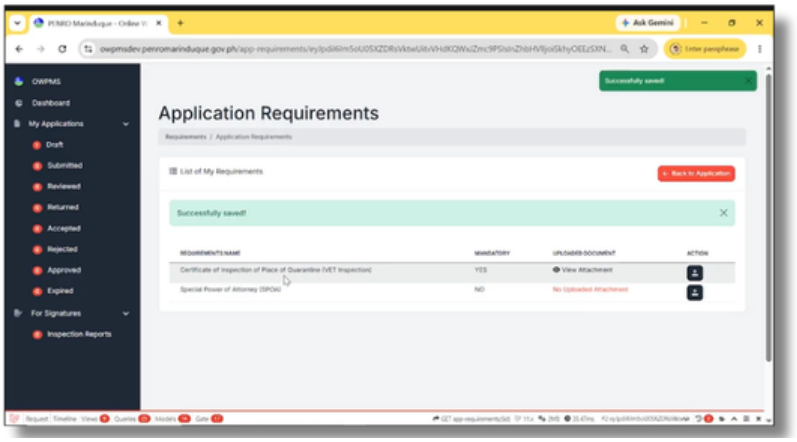


10. Select the file to be uploaded and click **Open**.

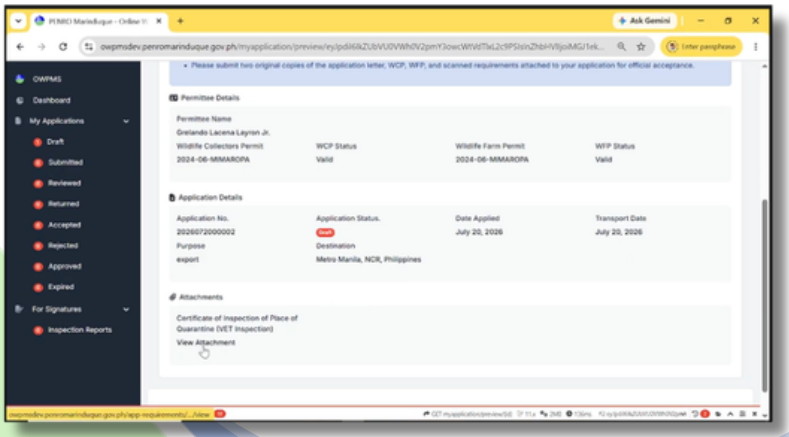




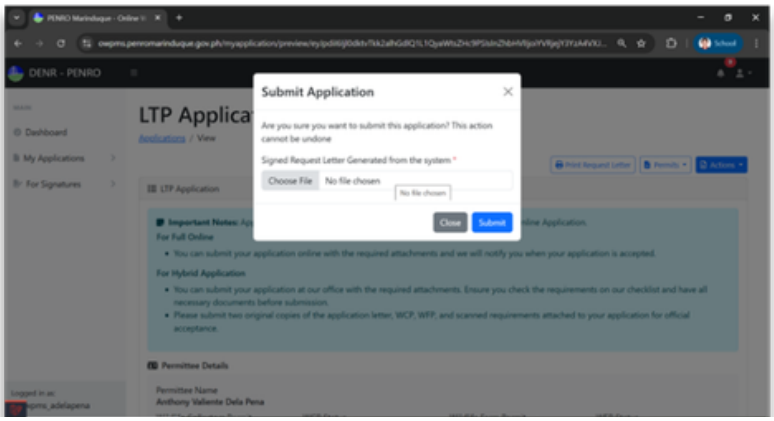
11. Once uploaded, the file will be saved successfully.
12. You may now return to the LTP Application page by clicking the button "**Back to Application"** to continue submitting the application.



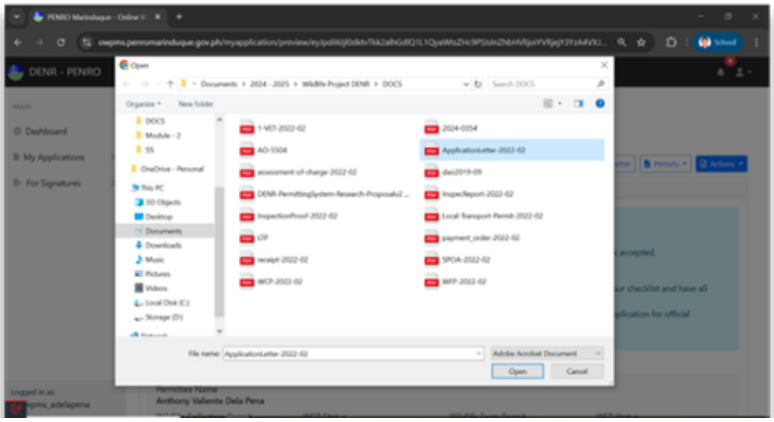
13. In the LTP Application page, click the "**Actions**" button and select "**Submit Application**"



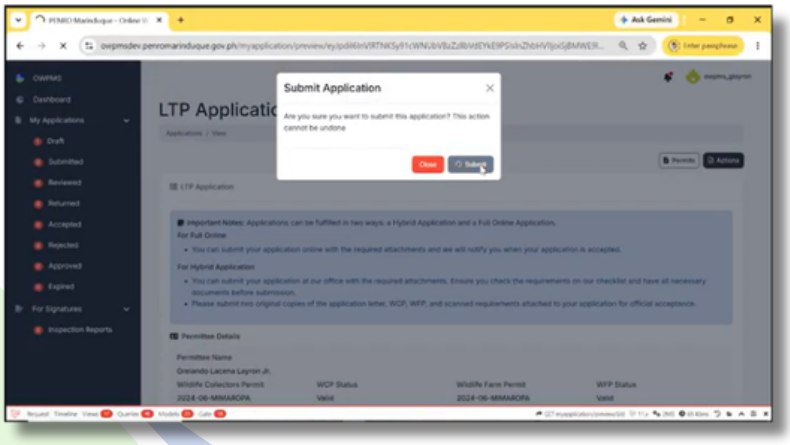
14. Click on “**Choose File**” to browse the file that needs to be uploaded.



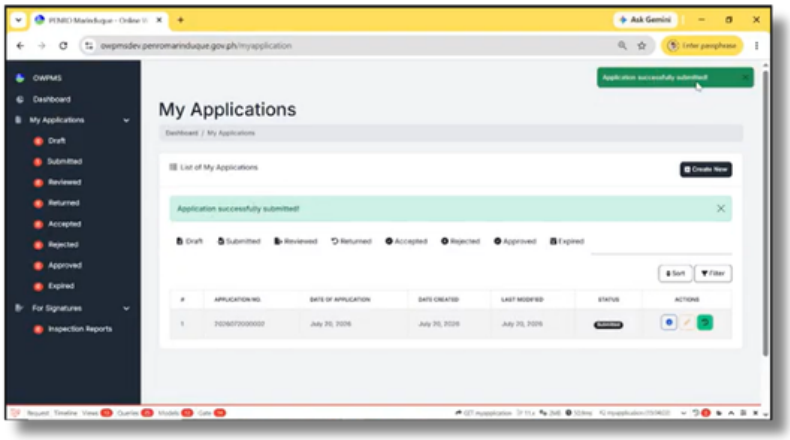
15. Select and Upload the Signed Request Letter generated from the system and click **Open**.



17. Once selected, click the **Submit** button to submit the application.



18. Your application is now successfully submitted.

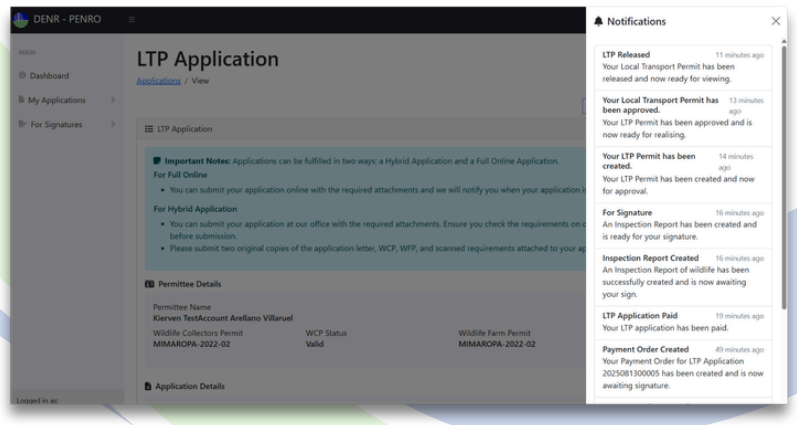


APPLICATION MONITORING

I. Monitoring the Status of your Applications

1. You may monitor the status of your application through:
   - (1) My Applications in the Side Panel

   - (2) Notifications



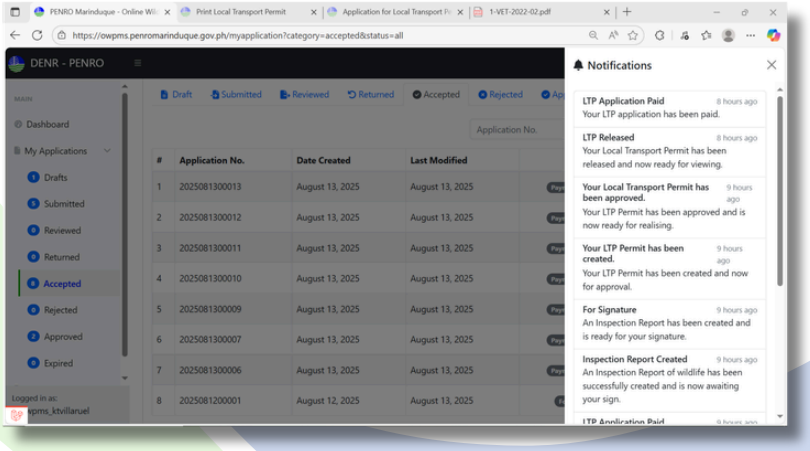
PAYMENT ORDER STATUS

J. Monitoring the Status of your Application for Payment Order

1. You may monitor the status of your application for payment order through:
   - (1) Notifications

   - (2) View List – Payment In Process Status

   - (3) LTP Application Paid Notification

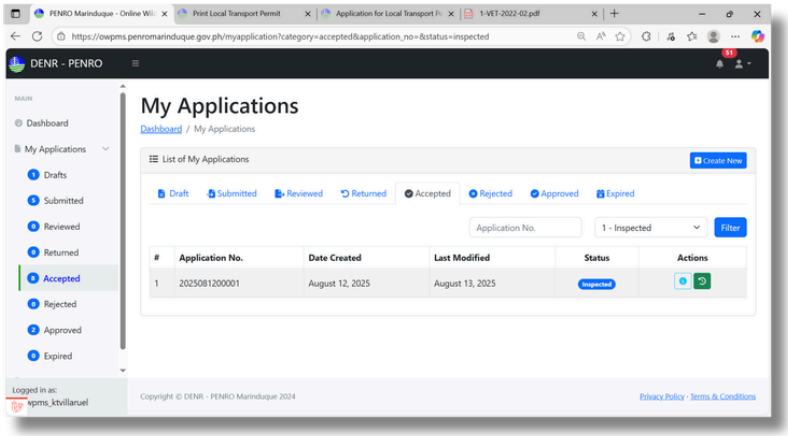


INSPECTION STATUS

K. Monitoring the Status of Inspection

1. Monitoring the Status of Inspection Report
   - (1) My Applications in the side panel – You may view the status of your application as For Inspection under the Accepted tab.

   - (2) Your application will be updated by the Inspecting Officer. Once the inspection is completed, the status will appear under My Applications in the side panel, with the **"Inspected"** status.

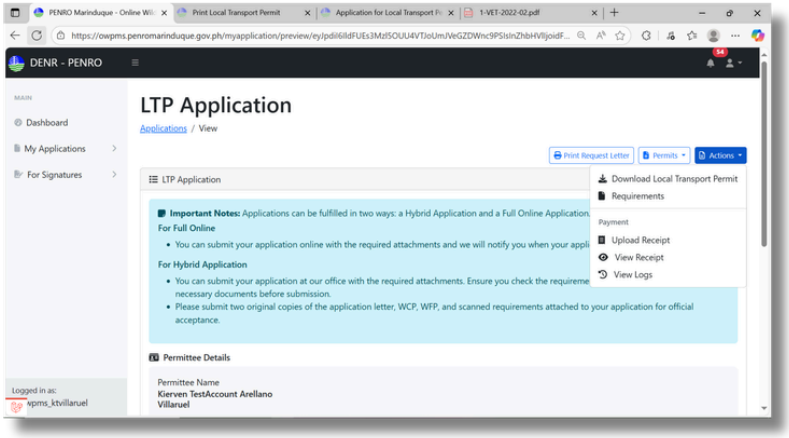


APPROVED STATUS

L. Monitoring the Status of Your Approved Applications

1. You can monitor the status of your approved application through:
   - (1) My Applications in the side panel – View List: Approved

   - (2) On the LTP Application page, click the Actions button and select Download Local Transport Permit to view the scanned copy of the document.

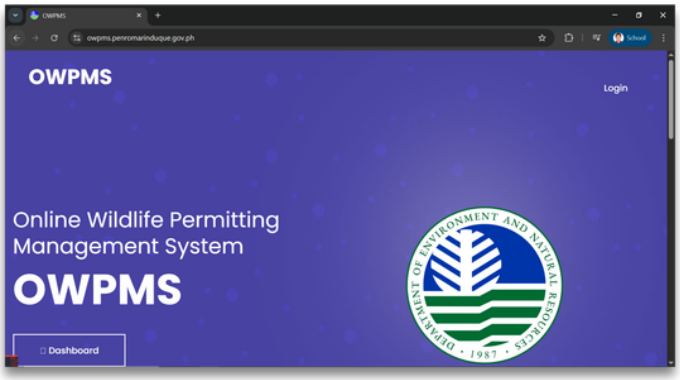


INSPECTING OFFICER

GETTING STARTED

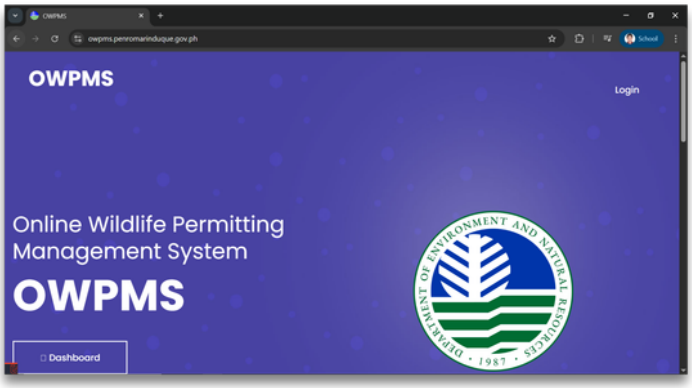
A. Accessing the Website

1. Visit: https://owpms.penromarinduque.gov.ph/ or scan the QR code.

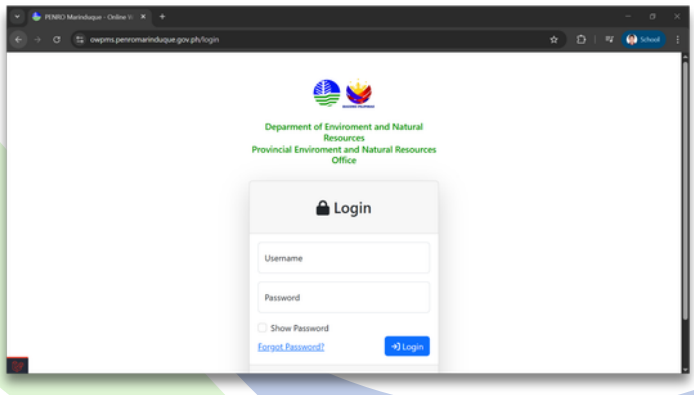


B. Signing an Account

1. Click the **Login** button on the dashboard..



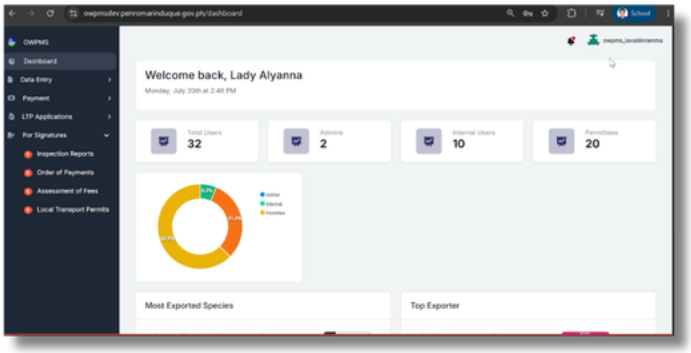
2. Enter your **username** and **password**, then click the **Login** button.



DASHBOARD

C. Getting to know the Dashboard

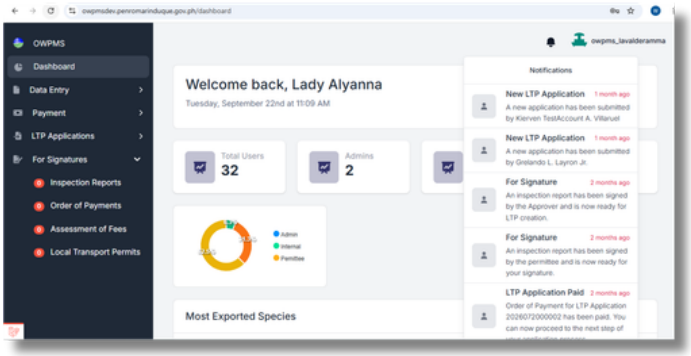
1. Once logged in, you will be redirected to the system's dashboard.
2. The dashboard displays the following:
   - **Total Users, Admins, Internal Users, Permittees**
   - **Most Exported Species**
   - **Top Exporter**



D. Viewing Notifications

1. To view notifications, click the notification ico at the upper-left corner of the dashboard.

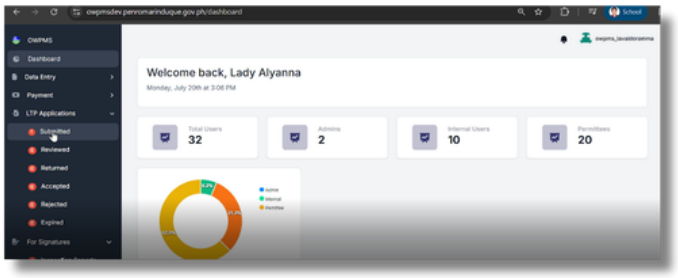
New LTP Application Notification: *Proceed* to **LTP Applications**



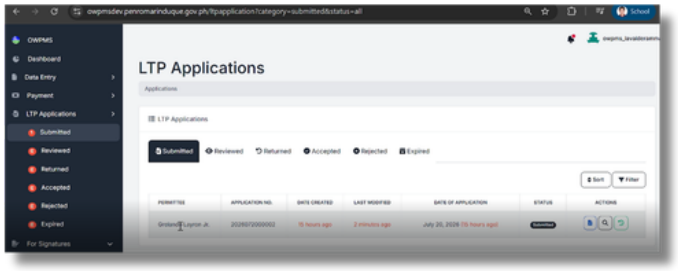
REVIEWING THE APPLICATION

F. Review Application

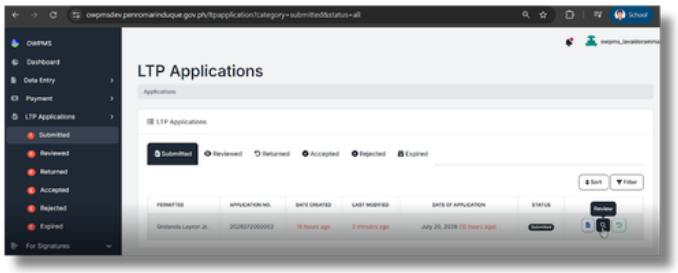
1. *Click* the **Submitted** button under **LTP Applications**



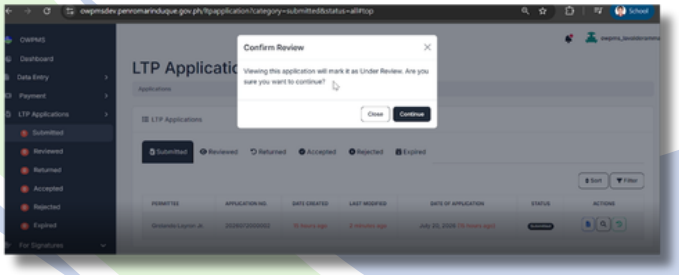
2. **LTP Applications:** Displays submitted applications and their corresponding details, status, and available actions for review and processing.



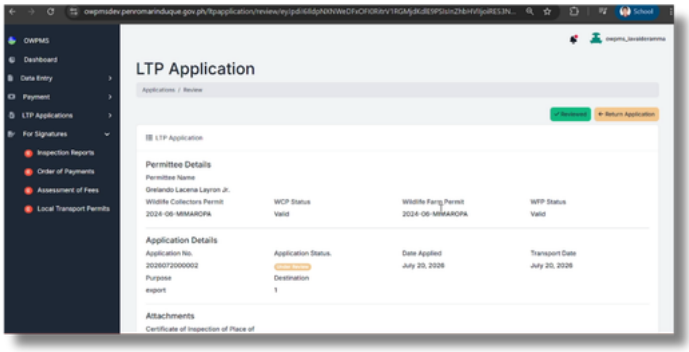
3. To review the new Applications , click the **Review** icon under **Actions**.



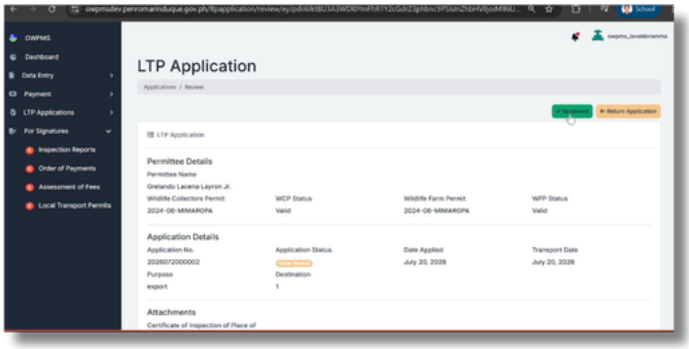
4. To confirm the application, click **Continue**. The application status will then change to ***Under Review***.



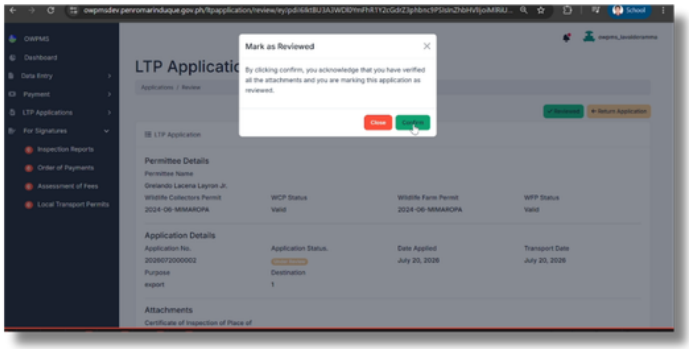
5. Upon confirmation the **LTP Application** status will change to Under Review.



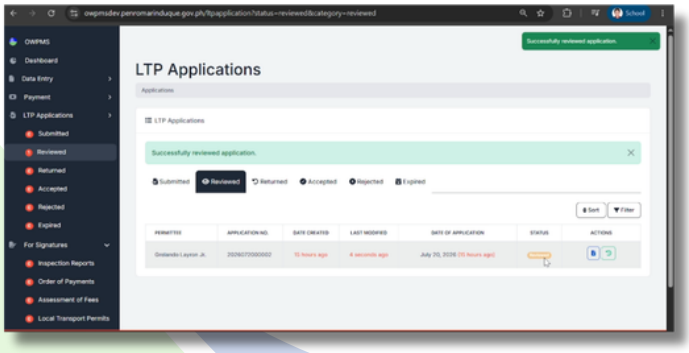
6. For **LTP Applications** with complete requirements, click **Reviewed**.



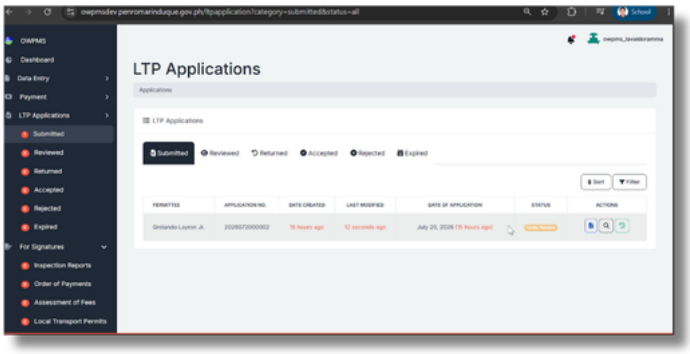
7. To Mark as Reviewed, Click **Confirm**



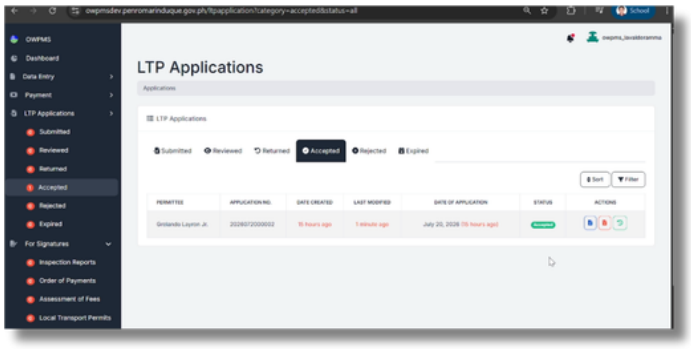
8. LTP Applications Status will then change to **Reviewed**



9. The status will change to **Submitted** once the permittee resubmits the LTP application



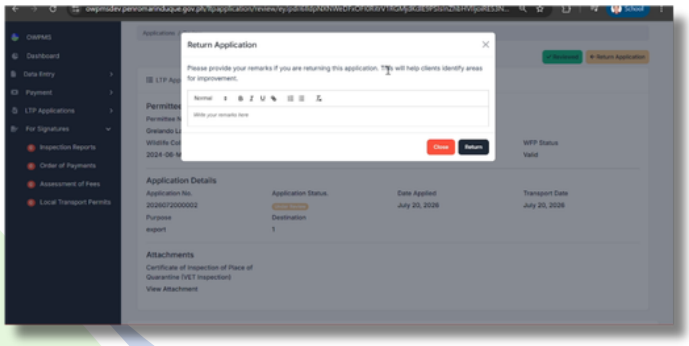
10. Upon acceptance or receipt by the Records Officer, the LTP application status will change to **Accepted.**

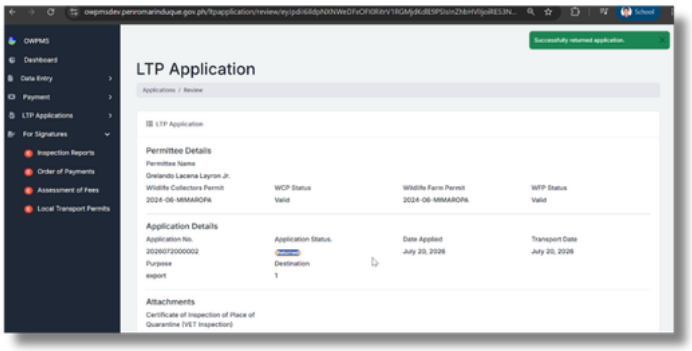


RETURNING THE APPLICATION

G. Return the Application

1. **LTP Application:** If the submitted documents are insufficient, provide the necessary ***remarks*** before returning the application.

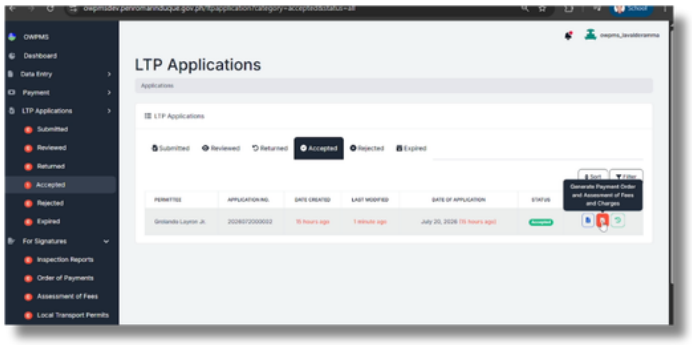




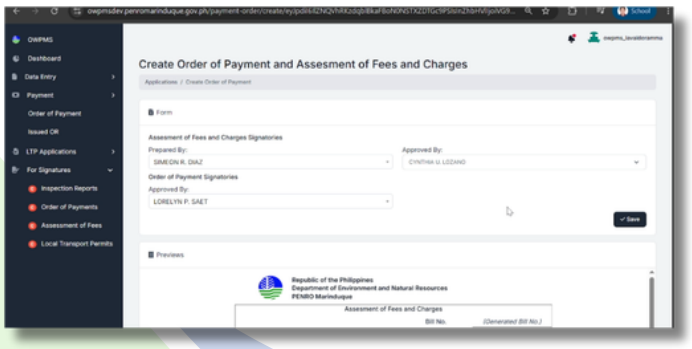
SETTING SIGNATORIES

H. Set Signatories for Assessment of Fees and Order of Payment

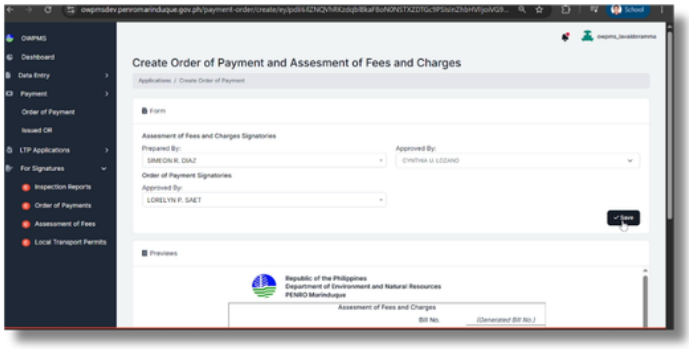
1. Upon receiving the physical documents, the Inspecting Officer will generate the **Payment Order and Assessment of Fees** under the corresponding application status.



2. The Inspecting Officer will then set the Authorized Persons to sign the **Assessment of Fees and Charges, Order of Payment, and Approval** documents



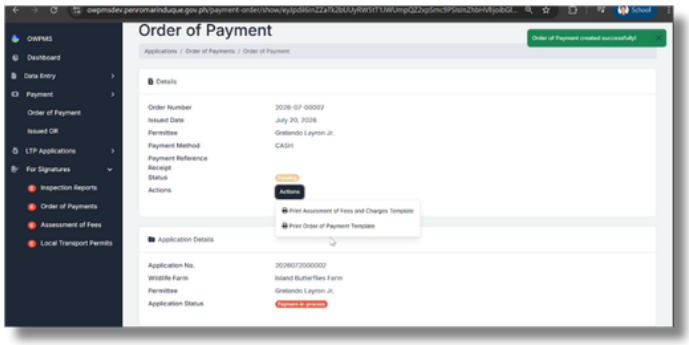
3. Click the **Save** button to save the changes. Once Save, you will be redirected to Order of Payment



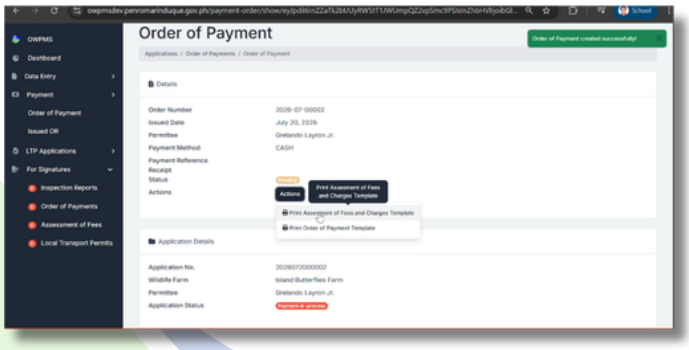
GENERATE ASSESSMENT

I. Generate Assessment of Fees and Order of Payment

1. To generate Assessment of Fees and Order of Payment *Click* **Actions** button.



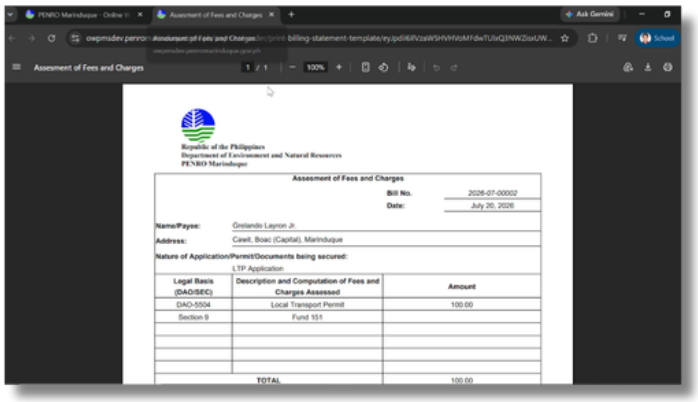
2. Inside **Actions**, *click* **Print Assessment of Fees and Charges Template**, and **Print of Order Payment Template**



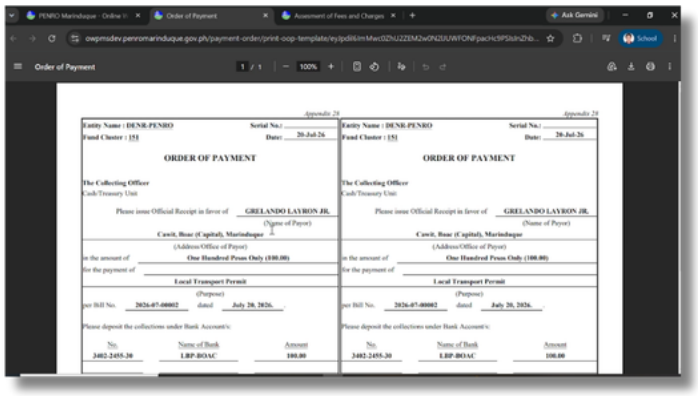
PRINTING OF ASSESSMENT

J. Print Assessment of Fees and Order of Payment *(for printed use only)*

1. Assessment of Fees and Charges Form



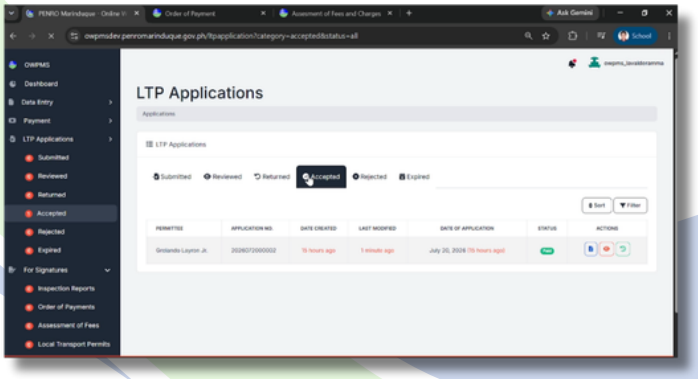
2. Order of Payment Form



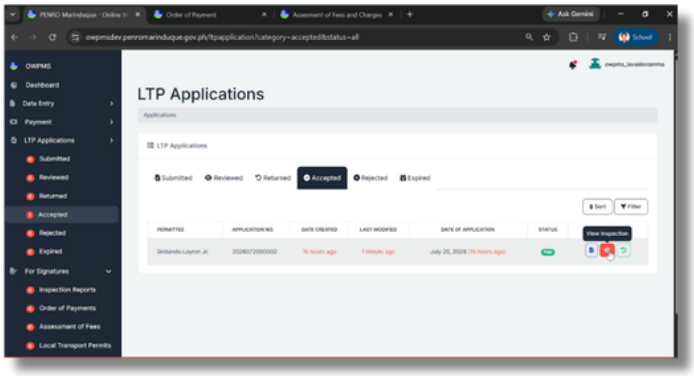
VIEW INSPECTION

K. Viewing Inspection

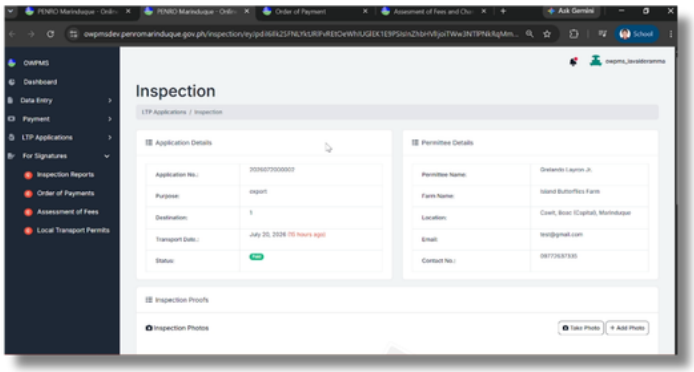
1. To view the inspected **LTP Application**, click **Accepted** under **LTP Applications.**



2. Then, *Click* **View Inpection** under **Actions**



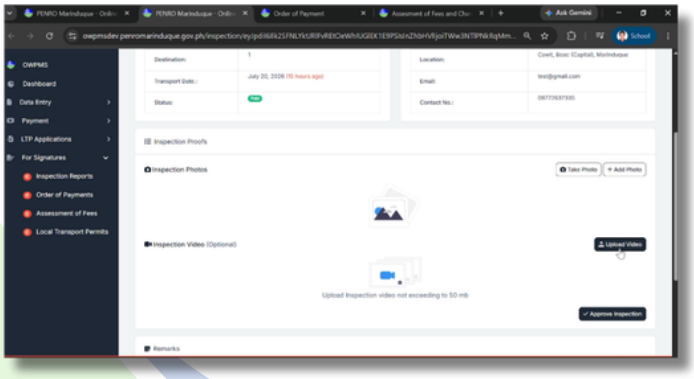
3. On the **Inspection Page**, scroll down to **Inspection Proofs.**



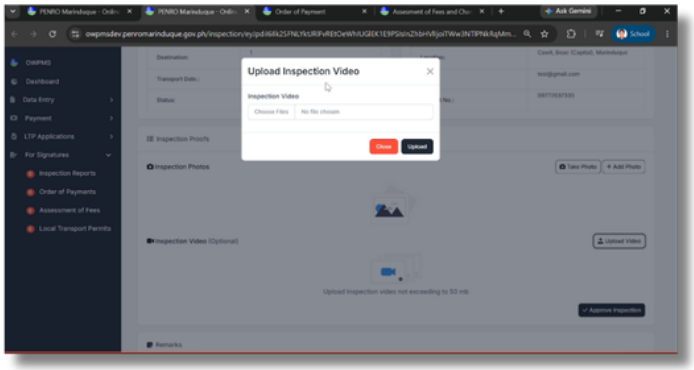
UPLOAD INSPECTION FILES

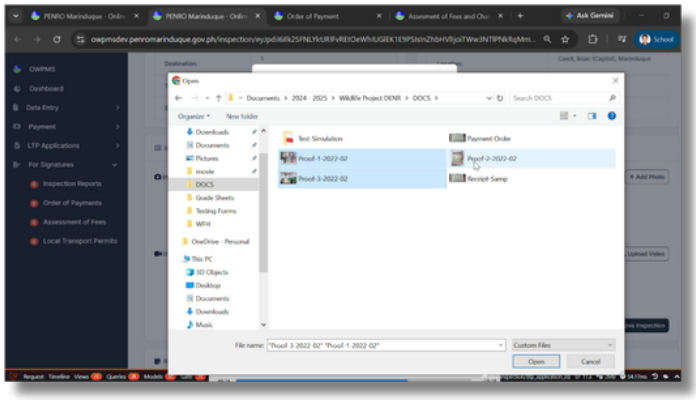
L. Uploading Inspection Files

1. Take Photo + Add Photo or Upload Video

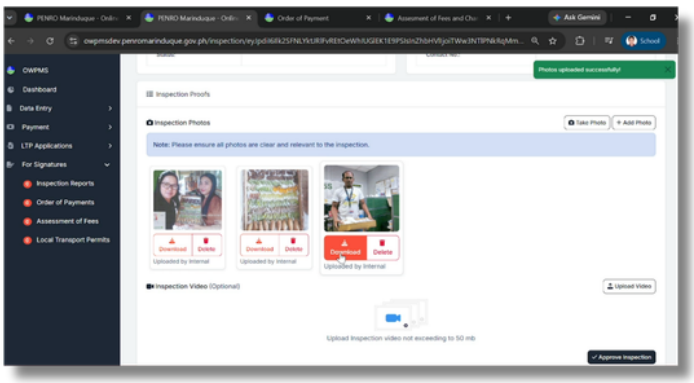


2. Select “Choose File”. Find and select the files to be uploaded and select “**Open**” button to upload. Once uploaded, select the “**Upload**” button to finish.





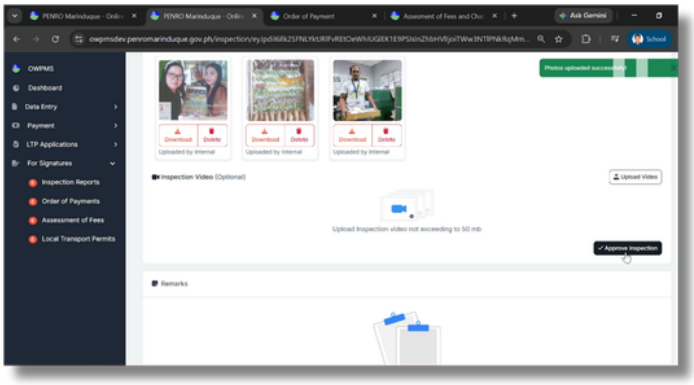
3. A confirmation pop will appear and the uploaded files will show on the inspection section. Two options will appear for each file – **Download** and **Delete.**



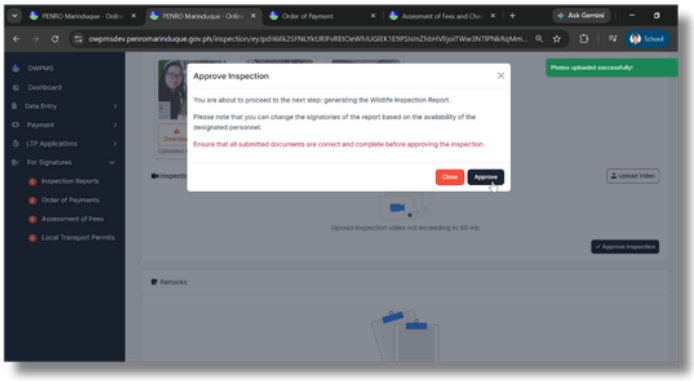
APPROVAL OF INSPECTION

M. Approve Inspection

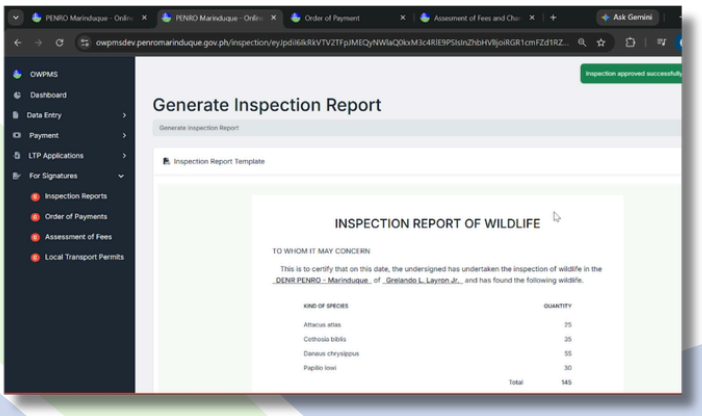
1. Once done with the inspection, select the **"Approve Inspection"** button.



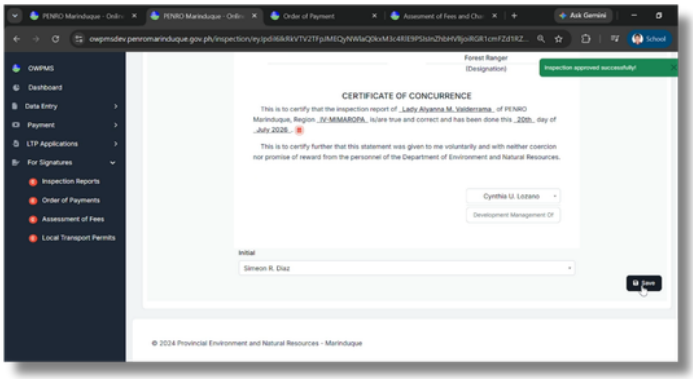
2. A **confirmation pop window** will appear. Ensure that all submitted documents are **correct** and **complete** before approving. Select the "**Approve**" button to process the certification.



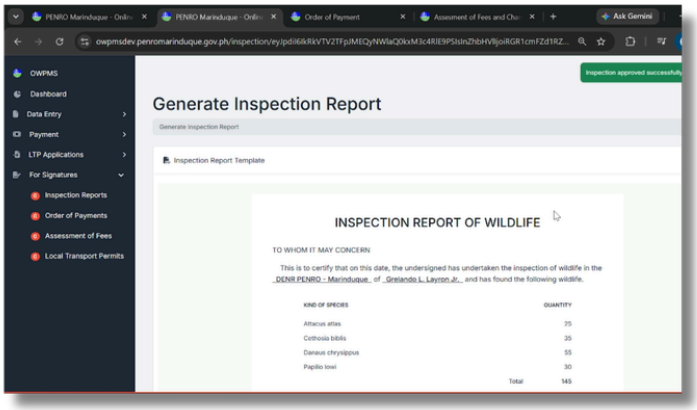
3. After approval, the inspection report will be generated. Details of the inspected species and the concerned signatories will appear in the template



4. Scroll down. In the certificate of concurrence section, select the concerned signatories. Once done, select the "**Save**" button to proceed.



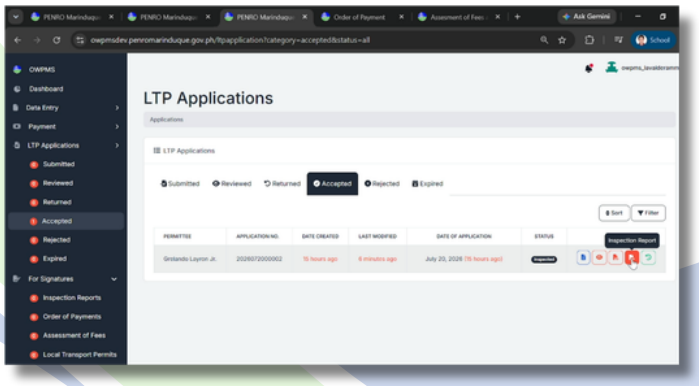
5. The LTP Applications will be updated after saving. In the actions button section of the application, a new button will appear--the "Inspection Report" button.



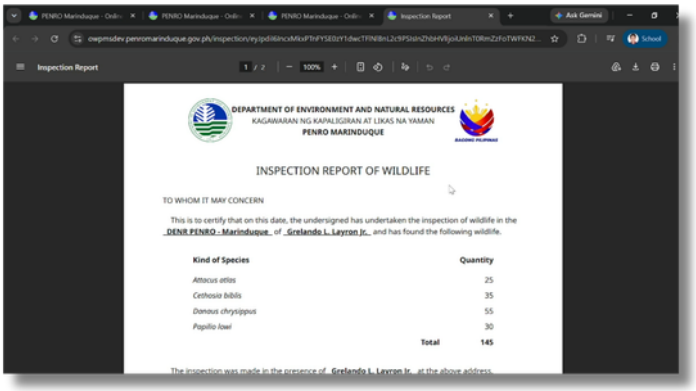
PRINT INSPECTION REPORT

N. Printing Inspection Report

1. To print the inspection report, **all signatories in the document should first sign and approve the concerned application**. Once done, select the **"Inspect Report"** button to view the final printable inspection report.



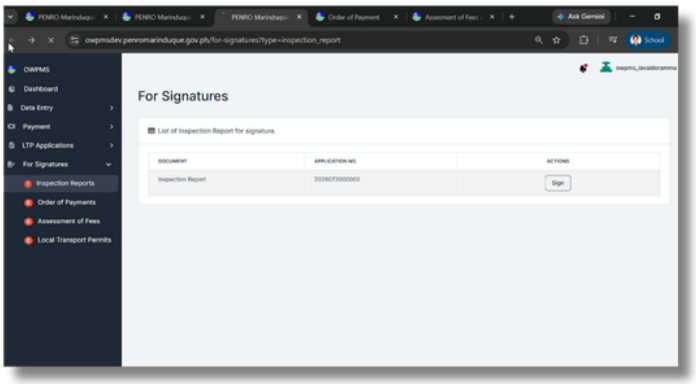
2. To print, select the print icon on the right portion of the printing page.



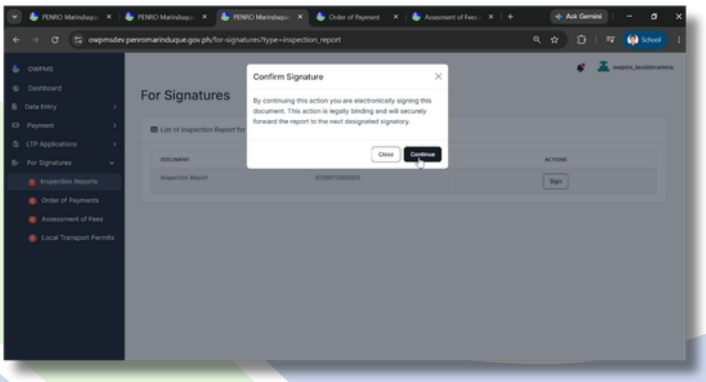
SIGN THE INSPECTION REPORT

O. Signing Inspection Report

1. To sign the inspection report, on the left panel, select **"Inspection Reports"** under the **"For Signatures"** menu.



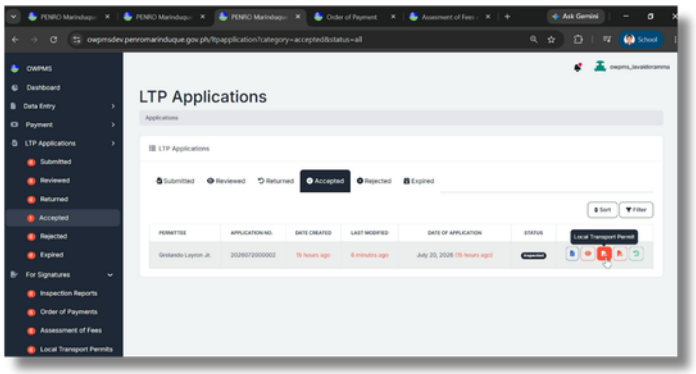
2. Find the report that requires your signatory and select the "**Sign**" action button. A **confirmation pop window** will appear. Select "**Continue**" button to proceed with the signing process.



VIEW LOCAL TRANSPORT PERMIT

P. View Local Transport Permit

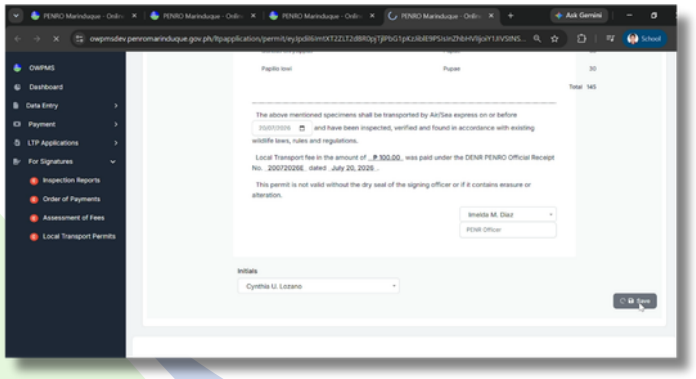
1. Once all required signatories from the inspection report are completed, a new action button, **"Local Transport Permit"**, will appear associated to the processed application. To view, select the action button. A new web page will appear showing the Local Transport Permit template.



PROCESS LOCAL TRANSPORT PERMIT

Q. Processing Local Transport Permit

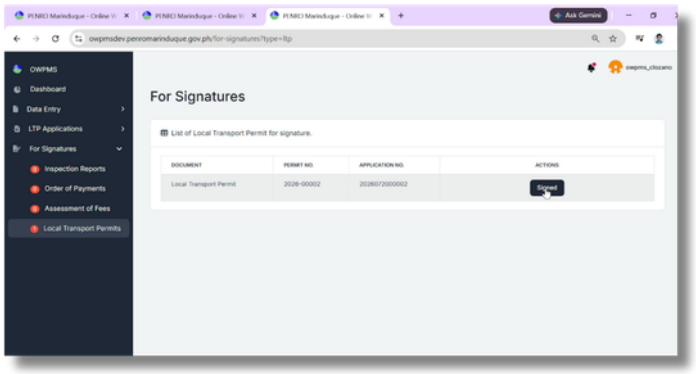
1. In the Local Transport Permit template, **set the necessary details required** such as the **date of transport** and the concerned **signatories**. Select the "**Save**" button to process the template**. To finalize** the permit, all concerned signatories set on the template **must sign and approve** the permit.



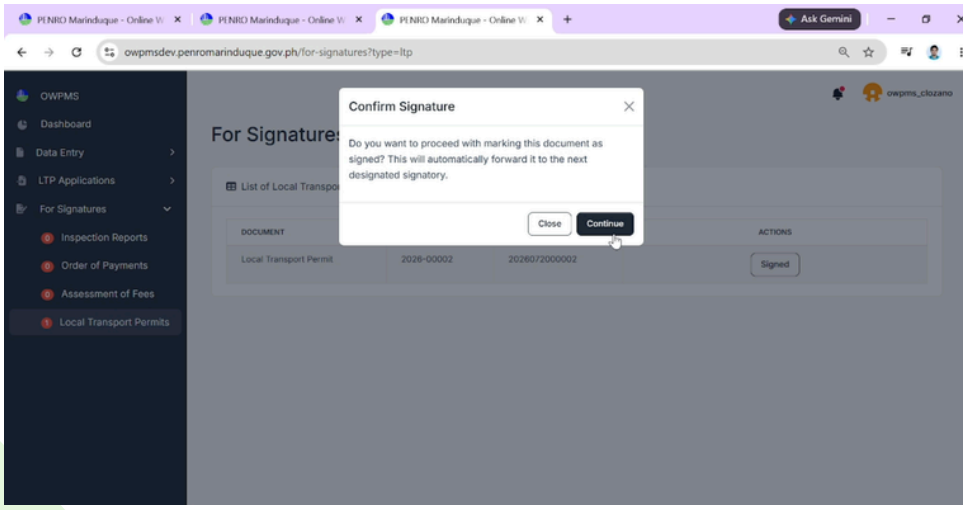
SIGN LOCAL TRANSPORT PERMIT

R. Signing Local Transport Permit

1. To sign the Local Transport Permit, on the left panel, select **"Local Transport Permits"** under the **"For Signatures"** menu.



2. Find the report that requires your signatory and select the "**Sign**" action button. A **confirmation pop window** will appear. Select "**Continue**" button to proceed with the signing process.

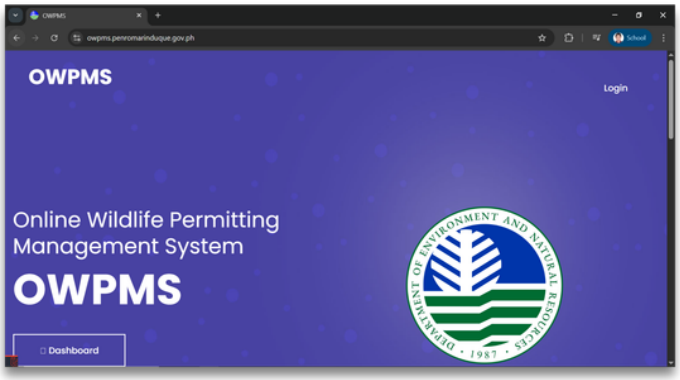


RECORDS OFFICER

GETTING STARTED

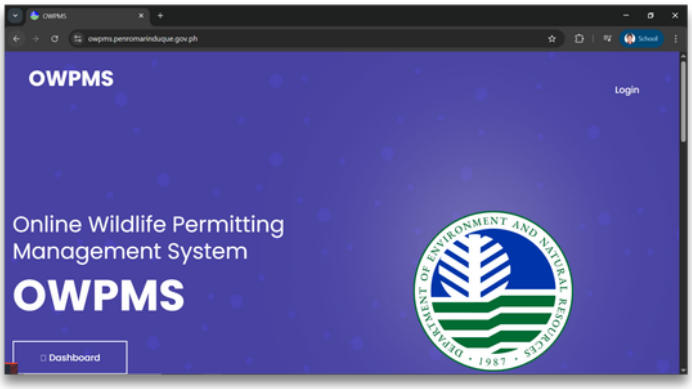
A. Accessing the Website

1. Visit: https://owpms.penromarinduque.gov.ph/ or scan the QR code.

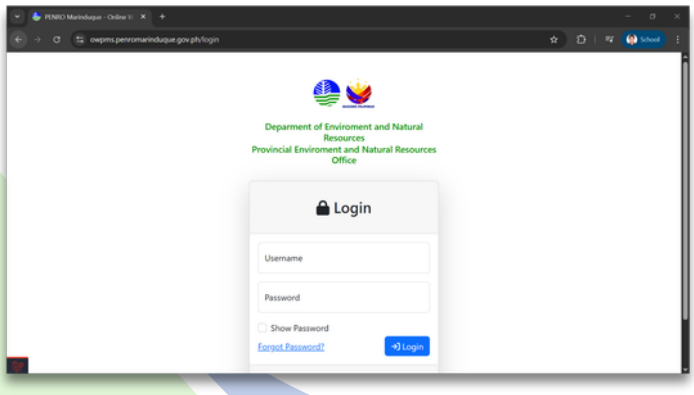


B. Signing an Account

1. Click the **Login** button on the dashboard..



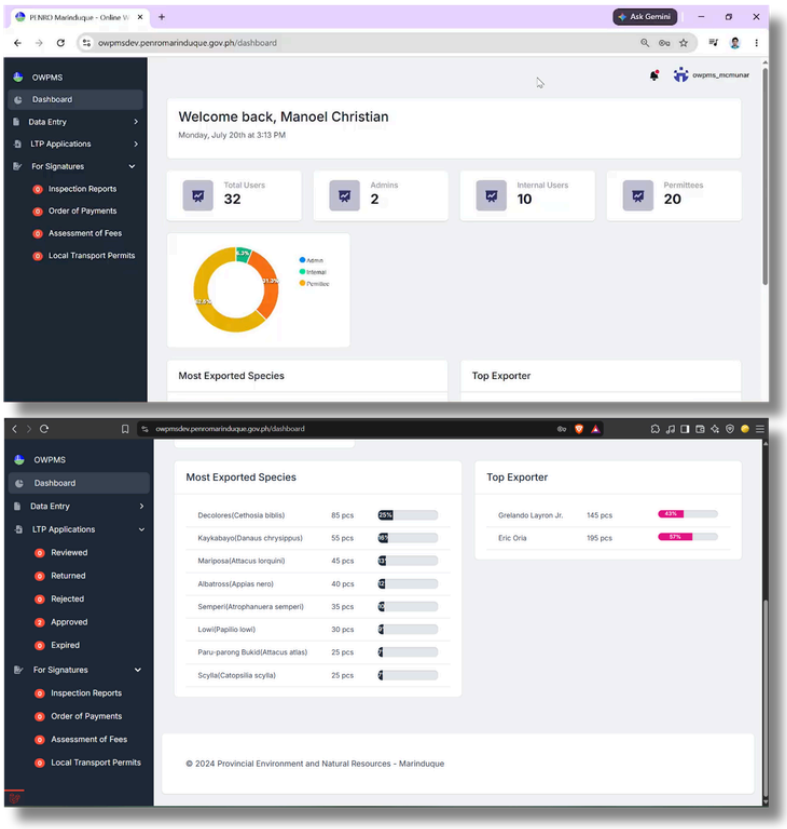
2. Enter your **username** and **password**, then click the **Login** button.



DASHBOARD

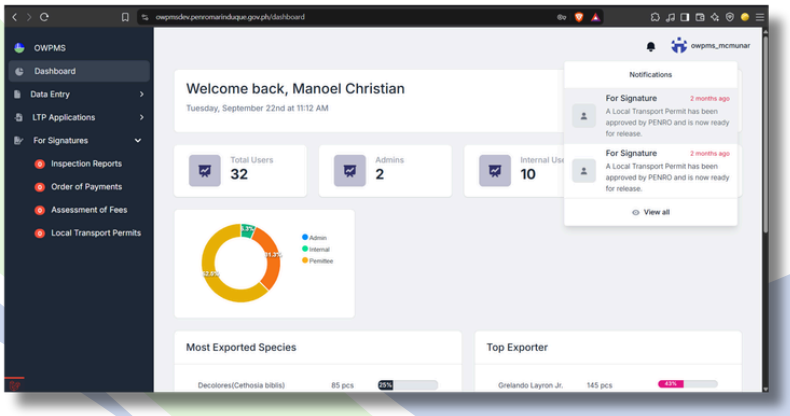
C. Getting to know the Dashboard

1. Once logged in, you will be redirected to the system's dashboard.
2. The dashboard displays the following:
   - **Total Users, Admins, Internal Users, Permittees**
   - **Most Exported Species**
   - **Top Exporter**



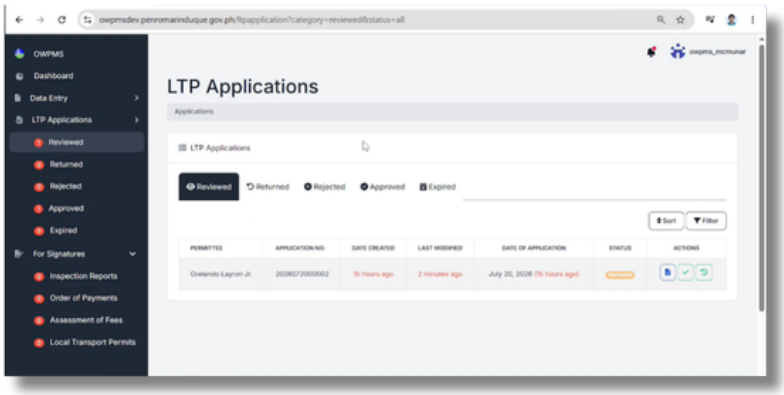
D. Viewing Notifications

1. To view notifications, click the notification icon at the upper-left corner of the dashboard.

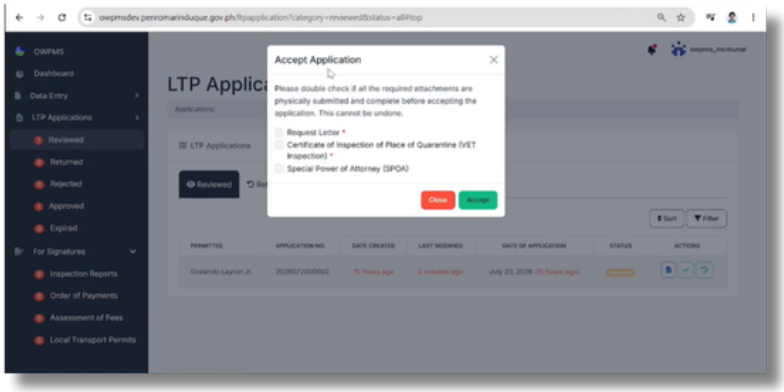


E. Accepting the Reviewed Application

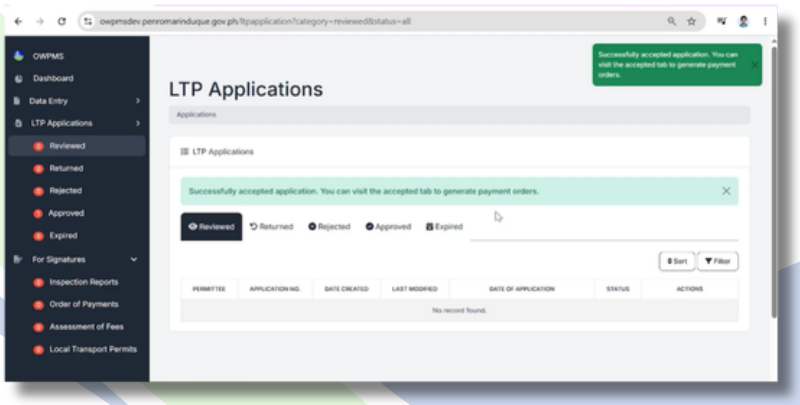
1. To view the list of reviewed Permittee applications by the Inspecting Officer, click **"Reviewed"** under **"LTP Application"** from the side panel.
2. Here you can view the Details and Logs of the application. You can also **Accept/Receive** the application signifying that the Permittee have submitted the physical documents required for the application.



3. Once you **Accept/Receive** the application, you are prompted with verification if the required physical documents have been submitted. Click **Accept** once verified.

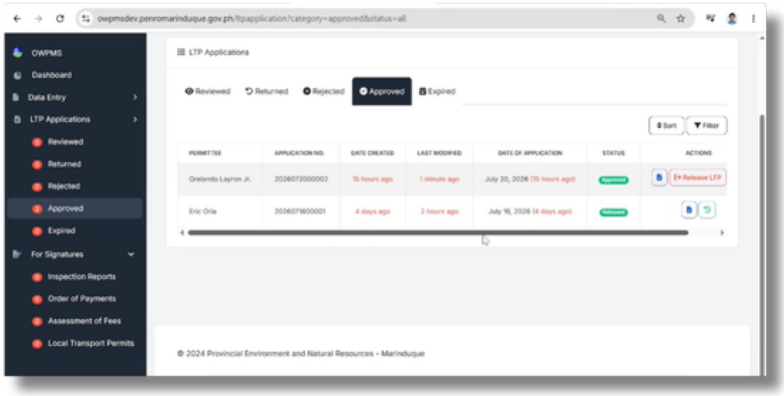


A successful accepted application message will appear for confirmation.

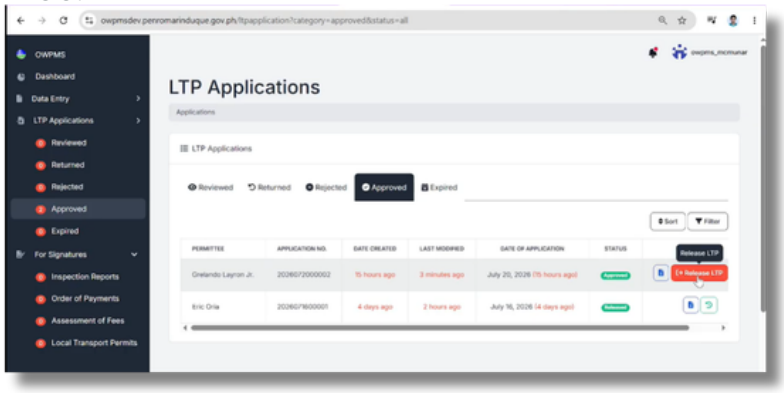


F. Releasing the Approved Application

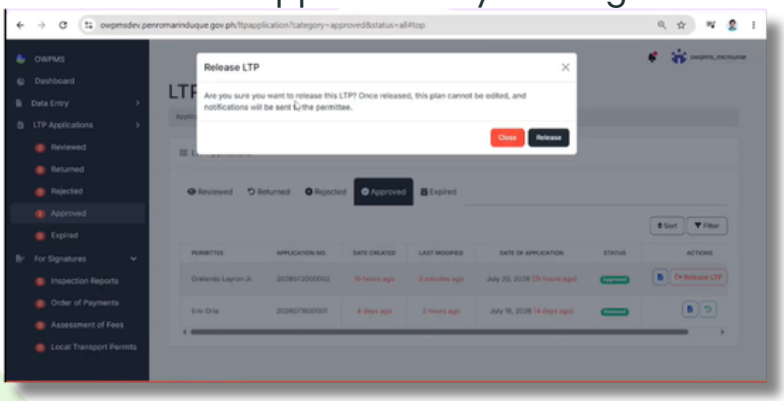
1. To view the list of approved Permittee applications by PENRO, click **“Approved”** under **“LTP Application”** from the side panel.

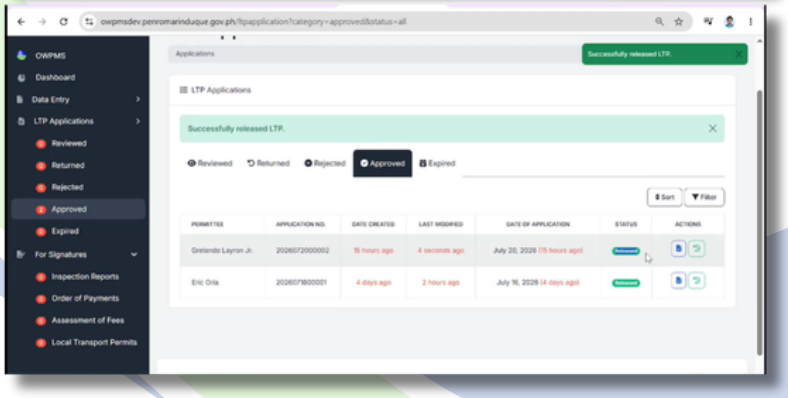


2. Click **Release LTP** under Actions column to issue the approved application to the Permittee.



3. Confirm the release of the application by clicking **Realease**.

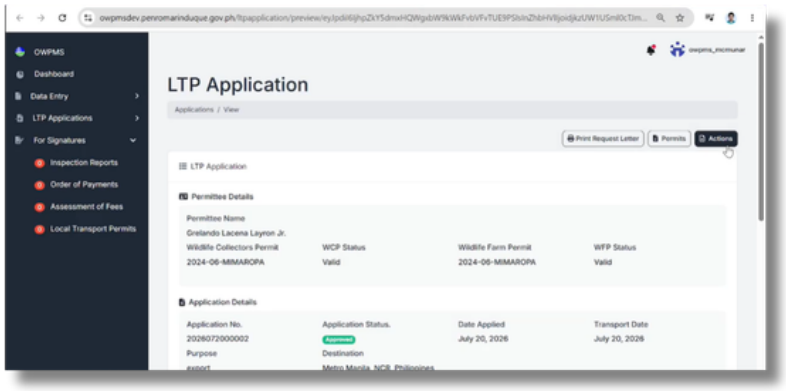




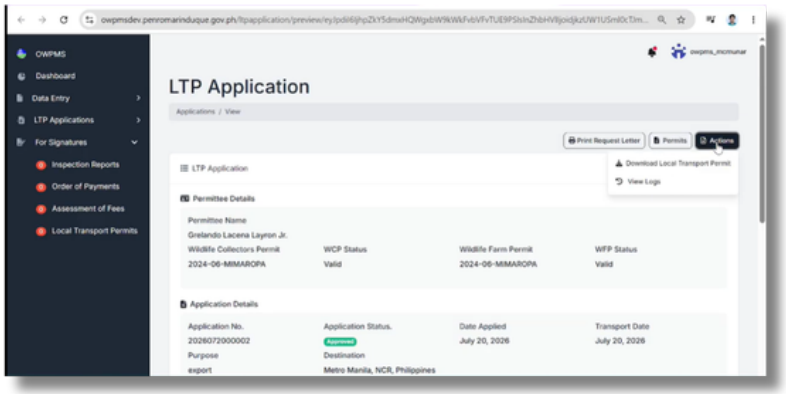
4. The Permittee now has an option to request for a hard copy of the application to be given on-site.

   Note: This part is not mandatory as the same approved application can be viewed from the Permittee account.

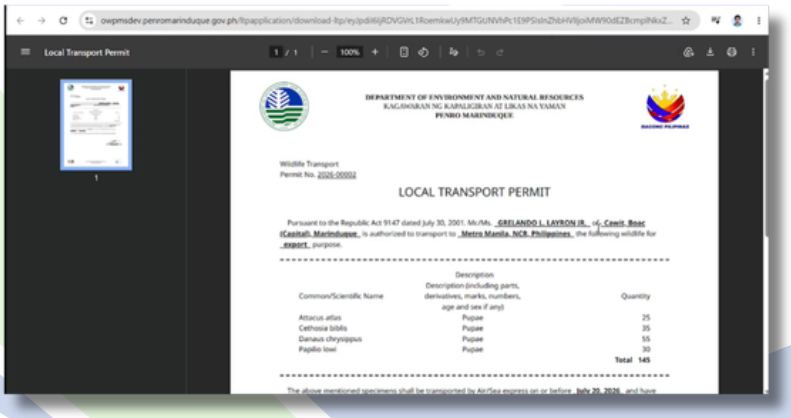
5. To do this, click **Details** on Actions column. You will be redirect to the details of the application.



6. On top right corner click **Actions**, then choose **Download Local Transport Permit**.



7. You will be redirected to document file download page. On this document, you will see Details of the Permittee as well as the Seal confirming that the document is Authentic and Ligitimate.



7. Once the application is downloaded and printed, the Record Officer will transmit this application to the Permittee ready for use.

CHIEF RPS
